The Committee was asked whether they would consider increasing the residential sewer flat/unit rate by CPI, which this year is 1.7%, to offset the CPI increase in expenses for this utility. Consensus was provided to proceed with this increase.

The question was then asked regarding whether the commercial and industrial sewer rates should also increase; an increase of 1 cent per square foot is proposed. Consensus from the Committee was to proceed with this increase.

a. **Review of Complete Operating Budget**

Mr. Duggan then provided the Committee with a copy of the full budget, and began a detailed review of items not reviewed in the previous deliberation meetings. The Committee was taken through line-by-line, and explanations were provided for any figures that varied from the previous year’s expenditures.

A detailed review was then provided for the internal borrowing from capital reserve, and the operating fund external borrowing from the Municipal Finance Corp. Mrs. Duggan provided an explanation about how the Municipality borrows from itself, by paying interest on those funds back to the Municipality’s operating reserve instead of borrowing and paying interest to an external lender. Discussion followed.

Mrs. Duggan and her team were thanked for all of their work done to prepare the budget document.

Mrs. Duggan asked to maintain the low-income exemption threshold and combined household income to remain as they are, with the interest rate to remain the same, and due date to be set for June 29, 2018.

Reference: Alternate Board Members

Dear Mr. Horne,

As you are perhaps aware over the last few years we have had some difficulty obtaining quorum for some of our Board meetings. Part of the difficulty is related to our Inter-Municipal Services Agreement (IMSA) stating a quorum “...must include at least one member from each of the participating municipalities.”

The IMSA also states the following with respect to membership on the Board: “Participating municipality may each appoint one alternate member authorized to act for either of its regular members when that member is temporarily unable or unavailable.” Only Victoria County has an alternate member appointed.

I would ask therefore that you consider appointing one alternate member authorized to act for either of your regular members when that member is temporarily unable or unavailable to attend in order that we may increase the likelihood of obtaining quorum at our meetings.

If you have any concerns related to this request please do not hesitate to get in touch.

Sincerely,

STAFF REPORT

TO: Committee of the Whole
FROM: Beth Schumacher, Deputy Clerk
SUBJECT: Rescinding the Network Policy
DATE: May 1st, 2018

RECOMMENDATION
Staff is recommending that the Committee consider the following motion:

THAT the Committee recommends that Municipal Council rescind the Municipality’s Network Policy.

SUMMARY
In a general housekeeping review of Municipal Policies, staff has identified that the Network Policy has become redundant due to duplication with clauses in the new Human Resources Administrative Policy Manual for Employees (Municipal Policy #5), which was passed in July 2016 and amended in January 2018.

BACKGROUND
The Network Policy was passed in October 2002, and reflects the language and technology use of that time. As the role of technology in our workplace has changed, elements of this policy are no longer appropriate or applicable, and should be updated or removed.

Other important clauses found within the policy have been transferred to our Human Resources manual, as they speak to appropriate behaviour by staff members when in the workplace. A copy of the existing Network Policy, as well as an excerpt of the applicable section of the Human Resources Manual, is attached to this report for your reference.

MUNICIPAL GOVERNMENT ACT CONSIDERATIONS
Section 48(1) of the MGA states that before a policy is passed, amended or repealed the council shall give at least seven days notice to all council members. This item was listed in a draft agenda for this meeting, emailed to members of the Committee on Monday, April 23rd, 2018.

BUDGET IMPLICATIONS
There are no budget implications with this action.

ALTERNATIVES
Council may choose to keep the Network Policy in effect.

NEXT STEPS
